Why PlanetBravo?

- ▶ We are **LOCAL**; all of our focus is on the Los Angeles area.
- ▶ We are in small, **SAFE** schools, not crowded college campuses.
- ▶ PlanetBravo costs **HUNDREDS LESS** than other tech camps.
- ▶ An expansive, diverse, and **CUTTING EDGE** curriculum.
- ▶ We offer a **HEALTHY MIX** of indoor and outdoor activities.

“This was a wonderful experience because, although it was super fun, Jack also LEARNED something great.” - Pamela T.

“My son raves about the camp! He can’t wait ‘til summer so he can go again!” - Barbara S.

Monday - Friday, 8:30am - 4:30pm

Fixed 6:1 staff to student ratio
Computer for every student

Price: \$495 per week

Course Offerings

June 25 - August 17

Video Game Design Track:

Create your very own video game using Multimedia Fusion 2. Three different courses to choose from, including one that lets you make a game for the iPhone!

- Fusion 101
- Freestyle Fusion
- Fusion iOS

Movie Production Track:

Explore the world of movie-making from three different perspectives: classic storytelling and shooting, inventive animation, and advanced post-production techniques.

- Digital Shorts
- Special Effects
- Stop-Motion Animation

Visual Arts Track:

Become a 21st century artist by using today’s best technological tools. Use cameras to capture real life, then the computer to tweak it, or create your own 2D or 3D world!

- Photography Studio
- 3D Animation
- Web Animation

Multimedia Youth Track:

Specially designed for our youngest campers, these courses introduce a wide variety of important concepts, programs, and skills, all disguised with fun and creative projects.

- LEGO-Motion
- Scratch Game Design
- Dream Themes

Advanced Track:

Take your learning to a whole new level with these classes aimed at our older campers. Build your own tournament-ready robot, or work exclusively with the camp director.

- Vex Robotics
- Director’s Lab
